- ☑ Who want to revise the entire Sociology Optional Syllabus in a structured manner, with PYQs, till November end.
- ☑ Who want dedicated intervention in answer writing and mentorship.
- ☑ Who struggle to stay consistent with revision and answer writing.

Why MSP 75?

UPSC marks are strict; there's a glass ceiling of marks in General Studies usually. Your Optional has to do the heavy lifting.

Most of the people who couldn't make it to mains this time or are preparing for 2027 often end up either wasting these coming months till finally the fear of Prelims kicks in.

Some may read the notes, syllabus passively but hardly, very few analyse PYQs consistently and write answers.

To bridge this gap, we are here with MSP 75 (Mastering Sociology through PYQs in 75 days).

The Master Schedule

The idea is to complete the entire Sociology Optional Syllabus line by line, topic by topic, covered through PYQs, till November end.
